Test Workflows

How to test every module from the manager's sheet, step by step

Version **2.0** | Updated **28 Oct 2026** | Covers: every module in the manager's sheet: Sales, Accounts, Project Office, UI, UX and Dev sprints, QA, corrections and changes, team inbox and feedback, go-live, appreciation, meetings, customer feedback, AMC, out-of-budget list, tracker and HR performance figures, plus a check that the older modules still work

Before you start

• Use a dummy project called TEST - Demo Website, so real data stays clean. There is no delete for projects; finish by terminating the dummy ones.

• Notifications and emails go to real people. Tell the teams that a test is running, and use your own email address for client invites.

• Testers needed: a Sales person, an Accounts person, a PMO project manager (PMO team lead), a coordinator (PMO team member), a Super Admin, a team lead and a member for each of UI, UX and Dev, a QA person, an HR person, a System Administrator (by designation), and one ordinary employee from another team.

• Switch on the four new modules first: appreciation, meetings, customer feedback and HR performance (one command each on the server).

• Tick Pass or Fail for every step. For a Fail, write the page, what you clicked, what you expected and what happened, and attach a screenshot.

Sections

A	Main chain: lead to a working project	12 steps	**NEW**
B	Locks and overrides	5 steps	**NEW**
C	Hold, resume and terminate	5 steps	**CHANGED**
D	Out-of-scope work	5 steps	**CHANGED**
E	Accounts extras	5 steps	**CHANGED**
F	Sales dashboard and visibility	3 steps	**NEW**
G	Access: these should be blocked	4 steps	**NEW**
I	UI department work screens	9 steps	**NEW**
J	Sales form, budget cap and department budgets	4 steps	**NEW**
K	UX and Dev sprints	7 steps	**NEW**
L	QA hand-off	6 steps	**NEW**
M	Corrections and changes	5 steps	**NEW**
O	My inbox, my team, feedback and dashboard tiles	4 steps	**NEW**
P	Go-live hand-over	4 steps	**NEW**
N	Appreciation, meetings, feedback, AMC, out-of-scope reply, budget list, tracker and HR figures	18 steps	**NEW**
H	Older modules still work (regression)	6 steps	**NEW**

A step is a pass only if what you see matches the 'Expect' column. 'Who' is the role to log in as.

A. Main chain: lead to a working project [NEW]

The happy path. Run these in order; each step depends on the one before.

#	Who	Where	Do this	You should see	Pass	Fail
1	Sales	Sales > Leads	Add a lead 'TEST Client', value 50,000, status Hot	Appears in the list. Dashboard 'Hot leads' goes up by 1	[ ]	[ ]
2	Sales	Leads > Add to inbox	Add a proposal item due today	Shows in Sales > Inbox. Dashboard 'Pending actions' goes up by 1	[ ]	[ ]
3	Sales	Sales > Inbox	Mark it Done with an outcome and a next follow-up date	Item leaves the inbox. The lead's next follow-up date changes	[ ]	[ ]
4	Sales	Sales > Projects > New project	Create 'TEST - Demo Website' from the lead: CMS, WordPress, 10 pages, budget 50,000	Project shows as Planning and Advance awaiting. The lead becomes Won	[ ]	[ ]
5	Accounts	Notification bell, then Accounts > Projects & Payments	Read the notice, then open Manage on the project	Notice 'New project awaiting advance'. Contract 50,000, state Advance awaiting	[ ]	[ ]
6	Accounts	Manage panel > Payments	Add an advance of 15,000, then click Approve	State becomes Pending payment. Balance 35,000	[ ]	[ ]
7	Sales	Notification bell	Check notifications	'Payment approved' notice has arrived	[ ]	[ ]
8	PMO manager	Project Office > open the project	Assign a coordinator (a PMO team member)	Coordinator receives 'New project assigned'	[ ]	[ ]
9	Coordinator	Project Office > open the project	Click Accept this project	Status becomes Active. Sales and the PMO managers are notified	[ ]	[ ]
10	PMO manager	Budget tab	Give Design 30,000 and HTML 20,000, then Save	Allocated 50,000, unallocated 0	[ ]	[ ]
11	Coordinator	Business analysis tab	Fill in the form and save, then reopen the tab	The text is still there	[ ]	[ ]
12	Coordinator	Resources tab	Add a logo link, then remove it	It appears in the list, and Remove works	[ ]	[ ]

B. Locks and overrides [NEW]

Create a second TEST project and approve no payment on it.

#	Who	Where	Do this	You should see	Pass	Fail
1	Coordinator	Project Office > Business analysis tab	Open the tab on the unpaid project	Lock message and no form. A padlock shows on the tab	[ ]	[ ]
2	PMO manager	Same locked tab	Look for the payment override	Not offered. Only the Super Admin can override payment	[ ]	[ ]
3	Super Admin	Same locked tab	Override payment with a reason	Tab opens. The override and its reason show on the Budget tab	[ ]	[ ]
4	PMO manager	A paid project with no department budget, UI tab	Open the UI, UX, Dev and QA tabs	Locked until a department budget exists	[ ]	[ ]
5	PMO manager	Same tab	Override the budget lock with a reason	UI, UX, Dev and QA tabs open	[ ]	[ ]

C. Hold, resume and terminate [CHANGED]

#	Who	Where	Do this	You should see	Pass	Fail
1	PMO manager	Project Office > Overview > Hold or resume	Hold with reason 'Waiting for content'	List shows the reason. Sales, Accounts and the coordinator get a notice	[ ]	[ ]
2	PMO manager	Same	Choose reason Other with no note	Refused until a note is written	[ ]	[ ]
3	PMO manager	Same	Click Resume project	Status returns to Active. The reason clears	[ ]	[ ]
4	Sales	Sales > Projects	Hold your own project with a reason, then Resume it, then Terminate it	A reason is always required. Accounts and the PMO are told	[ ]	[ ]
5	Accounts	Manage panel > Project status	Hold, Resume, then Terminate with a reason	A reason is required. Terminate asks for confirmation	[ ]	[ ]

D. Out-of-scope work [CHANGED]

#	Who	Where	Do this	You should see	Pass	Fail
1	Coordinator	Project Office > Overview > Out-of-scope work	Request 'Add blog module', 3.5 days	Appears as Pending. PMO managers get a notice	[ ]	[ ]
2	PMO manager	Project Office > Out-of-scope requests	Approve it	Status Approved. Sales is told to agree the extra cost with the client; the coordinator is told too	[ ]	[ ]
3	PMO manager	Same page	Reject another request with no note	Refused until a note is written	[ ]	[ ]
4	PMO manager	Same page	Reject it with a note	Status Rejected. The coordinator and Sales are told	[ ]	[ ]
5	Coordinator	Out-of-scope requests	Open the page	Only your own requests show, with no Approve or Reject buttons	[ ]	[ ]

E. Accounts extras [CHANGED]

#	Who	Where	Do this	You should see	Pass	Fail
1	Accounts	Manage panel > Increase budget	Raise 50,000 to 60,000 with a reason	Contract shows 60,000. Super Admin gets a notice	[ ]	[ ]
2	Accounts	Same	Try a lower number	Refused	[ ]	[ ]
3	Accounts	Payments	Add a payment, then Reject it with a reason	A reason is required. It does not count as received	[ ]	[ ]
4	Accounts	Accounts > Sales Targets	Set a target for Ann this month (the list shows the Sales team members), then save a different number	One target per person per month; the second save updates it. Sales dashboard shows achieved vs target	[ ]	[ ]
5	Accounts	Accounts > AMC List	Add an AMC that ended last month and one that ends in 10 days	First shows Expired. 'Expiring in 30 days' lists only the second	[ ]	[ ]

F. Sales dashboard and visibility [NEW]

#	Who	Where	Do this	You should see	Pass	Fail
1	Sales	Sales > Dashboard	Check each tile against your leads and projects	Leads to follow up, hot, ready to close with value, conversion %, target, projects ongoing, pending actions, meetings, proposals all match	[ ]	[ ]
2	Sales	Leads	Mark a lead Lost with no reason, then with a reason	Refused, then accepted. Conversion % changes	[ ]	[ ]
3	Sales (not the lead)	Sales > Leads	Look at the list	Only your own leads. The Sales team lead and Super Admin see everyone's	[ ]	[ ]

G. Access: these should be blocked [NEW]

#	Who	Where	Do this	You should see	Pass	Fail
1	Employee (HTML team)	Left menu	Look for Sales, Accounts and Project Office	None of them appear	[ ]	[ ]
2	Sales	Address bar: /accounts and /pmo	Open them directly	'Not switched on for your account'	[ ]	[ ]
3	Accounts	Address bar: /sales and /pmo	Open them directly	'Not switched on for your account'	[ ]	[ ]
4	Coordinator	Project Office list	Look for a project assigned to someone else	Not listed, and opening its link is refused	[ ]	[ ]

I. UI department work screens [NEW]

Run after section A. Needs a project with a Design budget (section A, step 10) and people in the Design team: a UI lead (team lead) and a designer.

#	Who	Where	Do this	You should see	Pass	Fail
1	Coordinator	My Work > the project > UI pages	Add two pages, 'Contact' and 'Careers'	Both appear in the list as Pending. 'Pages 2 of N sold' is shown	[ ]	[ ]
2	UI lead	Open the Contact page	Set budget 12,000, sections planned 2, assign the designer; Save details	Saved. The designer gets a 'Page assigned' notice	[ ]	[ ]
3	UI lead	Same panel	Try a page budget bigger than the whole design budget	Refused with a sentence about the design budget	[ ]	[ ]
4	Designer	My Work, then the project	Find the project, set Contact to Ongoing, open it and add two sections	Project is on the list. Status changes. Both sections appear	[ ]	[ ]
5	Designer	Same panel	Add a third section	Refused: 'set up for 2 sections'. A sub-section under a section is still allowed	[ ]	[ ]
6	Designer	Change status	Set Completed	UI lead and coordinator get a 'Page completed' notice; History lists the change with your name	[ ]	[ ]
7	Coordinator	Open the page > Change status	Choose Correction 1, update type 'correction', note 'Logo too small'	Status changes. History shows the note	[ ]	[ ]
8	Coordinator	Add page beyond the number sold	Add pages until you pass the number in the sale	The extra page says 'Waiting for project manager'. The PMO manager can approve or reject it (a reason is needed to reject)	[ ]	[ ]
9	HTML team member	Address bar: the project's /work/projects/ link	Open a project where HTML has no budget	Refused	[ ]	[ ]

J. Sales form, budget cap and department budgets [NEW]

The Sales form follows the manager's sheet. Use the dummy project TEST - Demo Website.

#	Who	Where	Do this	You should see	Pass	Fail
1	Sales	Sales > Projects > New project	Fill the four sections (Project info, Client info, Project scope, In-house) using the dropdowns; set a maximum budget cap of 100000 and a budget of 80000	Project is created. Only the sheet's own dropdown answers are accepted	[ ]	[ ]
2	Project manager	Project Office > the project > Overview	Open the 'Sales sheet' card	Shows exactly what Sales entered, including the budget cap	[ ]	[ ]
3	Project manager	Project Office > Budget	Give departments a total above the cap (for example 120000) without a reason	Refused: a written reason is needed to go over the limit	[ ]	[ ]
4	Project manager	Project Office > Budget	Repeat with a reason	Saved. The Super Admin is notified that the limit was exceeded	[ ]	[ ]

K. UX and Dev sprints [NEW]

Needs a project with a department budget for UX or Dev (section J) and a team lead and a team member in that department.

#	Who	Where	Do this	You should see	Pass	Fail
1	Team lead (UX or Dev)	My Work > the project > UX / Dev sprints	Plan a sprint with two tasks (effort days, an assignee from the same department) and a cost, then Submit	Sprint shows Submitted; tasks and effort can no longer change	[ ]	[ ]
2	Project manager	Project > UX / Dev sprints	Approve a sprint whose cost is more than the department budget	Asks for confirmation to go over budget; the Super Admin is told after confirming	[ ]	[ ]
3	Project manager	Project > UX / Dev sprints	Reject another sprint without a reason, then with one	A reason is required; the team lead can fix and resubmit	[ ]	[ ]
4	Coordinator	Project > UX / Dev sprints	Request start and end dates for the approved sprint	The team lead is told	[ ]	[ ]
5	Team lead	Project > UX / Dev sprints	Confirm the dates (Schedule)	Sprint shows Scheduled; assignees are notified	[ ]	[ ]
6	Team member	My Work > My inbox	Open the task, set it In progress, add days spent; finish a task that took longer than planned	Finishing an overrun asks for a reason and alerts the team lead and managers	[ ]	[ ]
7	Outsider (other department)	Direct link to the project's sprints	Try to plan a sprint	Refused	[ ]	[ ]

L. QA hand-off [NEW]

Needs a completed sprint task from section K and a QA team member (team name starts with QA).

#	Who	Where	Do this	You should see	Pass	Fail
1	QA	My Work > QA queue	After a task is Completed, find its review and take it	A review opened automatically when the task completed	[ ]	[ ]
2	QA	QA review	Add two bugs with priorities (one High), then complete the review as Failed	Bugs listed with priority; the task goes back to its developer (up to three rounds)	[ ]	[ ]
3	Team member	My inbox	Fix and complete the task again	A new QA round opens	[ ]	[ ]
4	QA	QA review	Pass the review	Team lead is asked to verify	[ ]	[ ]
5	Team lead	Project > QA	Verify and approve	Task is Approved; when all tasks are approved the sprint completes	[ ]	[ ]
6	Project manager	Notifications	Check after QA when effort spent exceeded the department budget	A 'budget exceeded' notice arrives	[ ]	[ ]

M. Corrections and changes [NEW]

Uses a project with a department budget.

#	Who	Where	Do this	You should see	Pass	Fail
1	Coordinator	Project > Corrections and changes	Raise a correction for a department	Appears as Raised; the department team lead is notified	[ ]	[ ]
2	Team lead	Same tab	Set the effort days and cost	Waiting for the project manager	[ ]	[ ]
3	Project manager	Same tab	Approve (over budget needs confirmation) or reject with a reason	Approved work counts against the budget; reject needs a reason	[ ]	[ ]
4	Team lead	Same tab	Assign it to a team member	Member sees it in My inbox	[ ]	[ ]
5	Team member	My inbox	Update progress; exceed the effort	A reason is required and managers are alerted	[ ]	[ ]

O. My inbox, my team, feedback and dashboard tiles [NEW]

Per person screens under My Work.

#	Who	Where	Do this	You should see	Pass	Fail
1	Team member	My Work > My inbox	Open it with some assigned and some late tasks	Everything assigned to you, late work first, over-effort marked	[ ]	[ ]
2	Team lead	My Work > My team	Open it	Each member: open and late work, days spent, leave	[ ]	[ ]
3	Team lead	My team > Feedback	Give a member scores 1 to 5 for attitude, attire, learning and on-time work, with an optional comment; try again the same month	Saved; a second entry for the same month is refused	[ ]	[ ]
4	Anyone with work	My Work	Look at the tiles at the top	Counts match what is in the inbox and the projects list	[ ]	[ ]

P. Go-live hand-over [NEW]

Needs a system administrator (a person whose designation is System Administrator) and an Accounts person.

#	Who	Where	Do this	You should see	Pass	Fail
1	Coordinator	Project Office > the project > Handover card	Ask Accounts for the final payment	It appears in Accounts as Awaiting	[ ]	[ ]
2	Coordinator	Same card	Request a server	System admin is notified	[ ]	[ ]
3	System administrator	My Work > Go-live requests	Allocate a server (no passwords), then mark live with the address	Status moves Requested, Allocated, Live; the coordinator and others are told	[ ]	[ ]
4	Ordinary employee	Direct link to go-live requests	Open it	Refused: only System Administrators	[ ]	[ ]

N. Appreciation, meetings, feedback, AMC, out-of-scope reply, budget list, tracker and HR figures [NEW]

These modules start switched off. Switch on appreciation, meetings, customer feedback and HR performance first (Super Admin or the developer does this on the server).

#	Who	Where	Do this	You should see	Pass	Fail
1	Team lead	Appreciation	Nominate a colleague with a title and reason	Nomination appears as Pending; HR and the project manager are notified	[ ]	[ ]
2	Team member	Appreciation	Open the page or try to nominate	Not available to a plain team member	[ ]	[ ]
3	HR	Appreciation	Reject without a reason, then approve	Reject asks for a reason; approve shows it on the Hall page and posts an announcement; nominee and nominator are told	[ ]	[ ]
4	Anyone	Meetings	Schedule a client meeting with a colleague and a client email	Invite emails with a calendar file go out; the colleague is notified	[ ]	[ ]
5	Organiser	Meetings	Save minutes and add a follow-up for a colleague	Meeting becomes Done; the colleague can tick the follow-up off	[ ]	[ ]
6	Outsider	Meetings	Open someone else's meeting	Refused	[ ]	[ ]
7	Project manager	Customer feedback	Record feedback 'during project'; try 'after go-live'	During works; after go-live is refused	[ ]	[ ]
8	HR	Customer feedback	Record feedback for a project not yet live, then a live one	Refused until the project is live, then saved	[ ]	[ ]
9	Salesperson	Sales > Completed and AMC	Open the page; enter an AMC ending in 10 days	Live projects only; shows Expiring soon; reminder arrives once	[ ]	[ ]
10	Project coordinator	Project Office	Raise an out-of-scope request	The salesperson is notified and sees Action required	[ ]	[ ]
11	Salesperson	Sales > Out-of-scope requests	Approve without a reason, then with one; request a meeting on another	Reason is required; meeting creates a client meeting inviting the Project Office	[ ]	[ ]
12	Project manager	Project Office > Out of budget	Open the page with one project over its department budgets and one at 95%	The first is under Over the limit with the overrun and department breakdown; the second under Nearing the limit	[ ]	[ ]
13	Project coordinator	Project Office > Out of budget	Open the page	Refused: manager only	[ ]	[ ]
14	Project manager	Project Office > Project tracker	Drag an Active project to On Hold and choose a reason; drag it back	Status changes, stakeholders are told; cards show budget left	[ ]	[ ]

#	Who	Where	Do this	You should see	Pass	Fail
15	Project manager	Project Office > Project tracker	Drag a Planning project to Active	Refused with an explanation; it moves by the coordinator accepting	[ ]	[ ]
16	HR	Performance > Performance figures	Open the page and filter by department	Per person: tasks done and on time, effort spent vs estimate, QA bugs, feedback scores; no rating column	[ ]	[ ]
17	Team lead	Performance	Try to open it	Not available	[ ]	[ ]
18	Salesperson	Sales > Leads	Click 'Schedule meeting' on a lead	Meetings opens with the title, client email and lead filled in as a Client meeting	[ ]	[ ]

H. Older modules still work (regression) [NEW]

Nothing here should have changed.

#	Who	Where	Do this	You should see	Pass	Fail
1	Anyone	Login page	Log in and log out; try a wrong password 11 times for one email	Works. The 11th wrong try is blocked for that email only, and others can still log in	[ ]	[ ]
2	Employee	Leaves > Apply Leave	Apply for leave; the team lead then approves it	Request, approval and balance behave as before	[ ]	[ ]
3	Employee	Attendance	Check in and check out	Times recorded as before	[ ]	[ ]
4	Employee	TA > Apply	Submit a travel allowance request	Appears in TA status; approvers can act on it	[ ]	[ ]
5	Anyone	Chat and notification bell	Send a message; open notifications	Both work	[ ]	[ ]
6	Super Admin	Dashboard	Open the dashboard	Alerts and recent activity widgets load	[ ]	[ ]

Reporting a problem

• The step number (for example B3) and your name.

• The page or address you were on.

• What you clicked, what you expected, and what actually happened.

• A screenshot, if you can.

What changed in this version

Date	Change
28 Oct 2026	Version 2.0. Complete script for every module in the manager's sheet: new sections J to P, N extended.
28 Oct 2026 (night)	Section N run by Claude on a local copy: 8 of 8 steps passed.
28 Oct 2026 (later)	Version 1.5. Section N extended with the out-of-budget list, tracker and HR performance figures.
28 Oct 2026	Version 1.4. New section N: appreciation, meetings, customer feedback, Sales AMC and the Sales out-of-scope reply (all built, not yet run).
24 Oct 2026	Version 1.2. New section I: UI department work screens (pages, sections, status chain, page budgets).
23 Oct 2026 (night)	Version 1.1. Refused actions now show a full sentence instead of 'Required.' (sections C, D). The sales-target person list now comes from the Sales team (section E). Steps in A to H were also run by Claude on a local copy: 36 of 40 passed, the 4 failures were fixed. The re-run after the fixes passed 40 of 40.
23 Oct 2026	Version 1.0. First test script, covering Accounts, Sales and Project Office, and the older-modules check.
