Test Workflows

How to test the Accounts, Sales and Project Office modules

Version **1.1** | Updated **23 Oct 2026** | Covers: Accounts, Sales and Project Office modules, plus a check that the older modules still work

Before you start

• Use a dummy project called TEST - Demo Website, so real data stays clean. There is no delete for projects; finish by terminating the dummy ones.

• Notifications go to real people. Tell the Sales, Accounts and PMO teams that a test is running.

• Testers: a Sales person (for example Ann), an Accounts person (for example Ameesha), a PMO project manager (a PMO 1 or PMO 2 team lead), a coordinator (a PMO team member), a Super Admin, and one ordinary employee from another team (for example HTML).

• Tick Pass or Fail for every step. For a Fail, write the page, what you clicked, what you expected and what happened, and attach a screenshot.

Sections

A	Main chain: lead to a working project	12 steps	**NEW**
B	Locks and overrides	5 steps	**NEW**
C	Hold, resume and terminate	5 steps	**CHANGED**
D	Out-of-scope work	5 steps	**CHANGED**
E	Accounts extras	5 steps	**CHANGED**
F	Sales dashboard and visibility	3 steps	**NEW**
G	Access: these should be blocked	4 steps	**NEW**
H	Older modules still work (regression)	6 steps	**NEW**

A step is a pass only if what you see matches the 'Expect' column. 'Who' is the role to log in as.

A. Main chain: lead to a working project [NEW]

The happy path. Run these in order; each step depends on the one before.

#	Who	Where	Do this	You should see	Pass	Fail
1	Sales	Sales > Leads	Add a lead 'TEST Client', value 50,000, status Hot	Appears in the list. Dashboard 'Hot leads' goes up by 1	[ ]	[ ]
2	Sales	Leads > Add to inbox	Add a proposal item due today	Shows in Sales > Inbox. Dashboard 'Pending actions' goes up by 1	[ ]	[ ]
3	Sales	Sales > Inbox	Mark it Done with an outcome and a next follow-up date	Item leaves the inbox. The lead's next follow-up date changes	[ ]	[ ]
4	Sales	Sales > Projects > New project	Create 'TEST - Demo Website' from the lead: CMS, WordPress, 10 pages, budget 50,000	Project shows as Planning and Advance awaiting. The lead becomes Won	[ ]	[ ]
5	Accounts	Notification bell, then Accounts > Projects & Payments	Read the notice, then open Manage on the project	Notice 'New project awaiting advance'. Contract 50,000, state Advance awaiting	[ ]	[ ]
6	Accounts	Manage panel > Payments	Add an advance of 15,000, then click Approve	State becomes Pending payment. Balance 35,000	[ ]	[ ]
7	Sales	Notification bell	Check notifications	'Payment approved' notice has arrived	[ ]	[ ]
8	PMO manager	Project Office > open the project	Assign a coordinator (a PMO team member)	Coordinator receives 'New project assigned'	[ ]	[ ]
9	Coordinator	Project Office > open the project	Click Accept this project	Status becomes Active. Sales and the PMO managers are notified	[ ]	[ ]
10	PMO manager	Budget tab	Give Design 30,000 and HTML 20,000, then Save	Allocated 50,000, unallocated 0	[ ]	[ ]
11	Coordinator	Business analysis tab	Fill in the form and save, then reopen the tab	The text is still there	[ ]	[ ]
12	Coordinator	Resources tab	Add a logo link, then remove it	It appears in the list, and Remove works	[ ]	[ ]

B. Locks and overrides [NEW]

Create a second TEST project and approve no payment on it.

#	Who	Where	Do this	You should see	Pass	Fail
1	Coordinator	Project Office > Business analysis tab	Open the tab on the unpaid project	Lock message and no form. A padlock shows on the tab	[ ]	[ ]
2	PMO manager	Same locked tab	Look for the payment override	Not offered. Only the Super Admin can override payment	[ ]	[ ]
3	Super Admin	Same locked tab	Override payment with a reason	Tab opens. The override and its reason show on the Budget tab	[ ]	[ ]
4	PMO manager	A paid project with no department budget, UI tab	Open the UI, UX, Dev and QA tabs	Locked until a department budget exists	[ ]	[ ]
5	PMO manager	Same tab	Override the budget lock with a reason	UI, UX, Dev and QA tabs open	[ ]	[ ]

C. Hold, resume and terminate [CHANGED]

#	Who	Where	Do this	You should see	Pass	Fail
1	PMO manager	Project Office > Overview > Hold or resume	Hold with reason 'Waiting for content'	List shows the reason. Sales, Accounts and the coordinator get a notice	[ ]	[ ]
2	PMO manager	Same	Choose reason Other with no note	Refused until a note is written	[ ]	[ ]
3	PMO manager	Same	Click Resume project	Status returns to Active. The reason clears	[ ]	[ ]
4	Sales	Sales > Projects	Hold your own project with a reason, then Resume it, then Terminate it	A reason is always required. Accounts and the PMO are told	[ ]	[ ]
5	Accounts	Manage panel > Project status	Hold, Resume, then Terminate with a reason	A reason is required. Terminate asks for confirmation	[ ]	[ ]

D. Out-of-scope work [CHANGED]

#	Who	Where	Do this	You should see	Pass	Fail
1	Coordinator	Project Office > Overview > Out-of-scope work	Request 'Add blog module', 3.5 days	Appears as Pending. PMO managers get a notice	[ ]	[ ]
2	PMO manager	Project Office > Out-of-scope requests	Approve it	Status Approved. Sales is told to agree the extra cost with the client; the coordinator is told too	[ ]	[ ]
3	PMO manager	Same page	Reject another request with no note	Refused until a note is written	[ ]	[ ]
4	PMO manager	Same page	Reject it with a note	Status Rejected. The coordinator and Sales are told	[ ]	[ ]
5	Coordinator	Out-of-scope requests	Open the page	Only your own requests show, with no Approve or Reject buttons	[ ]	[ ]

E. Accounts extras [CHANGED]

#	Who	Where	Do this	You should see	Pass	Fail
1	Accounts	Manage panel > Increase budget	Raise 50,000 to 60,000 with a reason	Contract shows 60,000. Super Admin gets a notice	[ ]	[ ]
2	Accounts	Same	Try a lower number	Refused	[ ]	[ ]
3	Accounts	Payments	Add a payment, then Reject it with a reason	A reason is required. It does not count as received	[ ]	[ ]
4	Accounts	Accounts > Sales Targets	Set a target for Ann this month (the list shows the Sales team members), then save a different number	One target per person per month; the second save updates it. Sales dashboard shows achieved vs target	[ ]	[ ]
5	Accounts	Accounts > AMC List	Add an AMC that ended last month and one that ends in 10 days	First shows Expired. 'Expiring in 30 days' lists only the second	[ ]	[ ]

F. Sales dashboard and visibility [NEW]

#	Who	Where	Do this	You should see	Pass	Fail
1	Sales	Sales > Dashboard	Check each tile against your leads and projects	Leads to follow up, hot, ready to close with value, conversion %, target, projects ongoing, pending actions, meetings, proposals all match	[ ]	[ ]
2	Sales	Leads	Mark a lead Lost with no reason, then with a reason	Refused, then accepted. Conversion % changes	[ ]	[ ]
3	Sales (not the lead)	Sales > Leads	Look at the list	Only your own leads. The Sales team lead and Super Admin see everyone's	[ ]	[ ]

G. Access: these should be blocked [NEW]

#	Who	Where	Do this	You should see	Pass	Fail
1	Employee (HTML team)	Left menu	Look for Sales, Accounts and Project Office	None of them appear	[ ]	[ ]
2	Sales	Address bar: /accounts and /pmo	Open them directly	'Not switched on for your account'	[ ]	[ ]
3	Accounts	Address bar: /sales and /pmo	Open them directly	'Not switched on for your account'	[ ]	[ ]
4	Coordinator	Project Office list	Look for a project assigned to someone else	Not listed, and opening its link is refused	[ ]	[ ]

H. Older modules still work (regression) [NEW]

Nothing here should have changed.

#	Who	Where	Do this	You should see	Pass	Fail
1	Anyone	Login page	Log in and log out; try a wrong password 11 times for one email	Works. The 11th wrong try is blocked for that email only, and others can still log in	[ ]	[ ]
2	Employee	Leaves > Apply Leave	Apply for leave; the team lead then approves it	Request, approval and balance behave as before	[ ]	[ ]
3	Employee	Attendance	Check in and check out	Times recorded as before	[ ]	[ ]
4	Employee	TA > Apply	Submit a travel allowance request	Appears in TA status; approvers can act on it	[ ]	[ ]
5	Anyone	Chat and notification bell	Send a message; open notifications	Both work	[ ]	[ ]
6	Super Admin	Dashboard	Open the dashboard	Alerts and recent activity widgets load	[ ]	[ ]

Reporting a problem

• The step number (for example B3) and your name.

• The page or address you were on.

• What you clicked, what you expected, and what actually happened.

• A screenshot, if you can.

What changed in this version

Date	Change
23 Oct 2026 (night)	Version 1.1. Refused actions now show a full sentence instead of 'Required.' (sections C, D). The sales-target person list now comes from the Sales team (section E). Steps in A to H were also run by Claude on a local copy: 36 of 40 passed, the 4 failures were fixed.
23 Oct 2026	Version 1.0. First test script, covering Accounts, Sales and Project Office, and the older-modules check.
